MEDICINAL.

When the appetite fails there is no use in trying to tempt the palate with delicate food. No matter how good and well-cooked and "tempting" the food may be, it cannot give any nourishment unless the stomach is able to digest it. Nature indicates the state of the constitution by the loss of appetite. This is an unfailing indicator. It shows that something is fundamentally wrong with the nutritive functions.

The only true natural relief must be as searching and fundamental as the trouble it aims to overcome. It is the thorough deep-seated character of Dr. Pierce's Golden Medical Discovery, which causes the marvellous efficacy in all bilious and digestive difficulties. It creates that healthful vitality of the entire digestive and nutritive organs which produces both the natural desire for food and the organic capacity to assimilate and transform it into nourishing, revivifying blood and healthy tissue. It gives appetite, digestion and sound sleep, and builds up solid muscular strength and nerve energy.

H. H. Thompson, Esq., of P. O. Box 4, Kippie, Penn., writes: "I had been troubled with extreme vomiting in summer season, and after eating, had to be very careful at times to get anything to stay on my stomach at all; had been taking other medicines, but without effect. I had a friend speak of Dr. Pierce's Golden Medical Discovery, and thought I would give it a trial. I used about five bottles of it and think it is the only medicine that did me any good, as I have a splendid appetite now, and am not using any medicine at all and don't think I need any more."

A man who is suffering from the evil effects of constipation doesn't feel like work, and can't even enjoy his leisure hours. Dr. Pierce's Pleasant Pellets are a sure, safe, and permanent cure for constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. Dishonest druggists try to get you to take a substitute for the sake of the added profit.

ELLY'S CREAM BALM

THE LATE ELECTION.

WASHINGTON, Nov. 6.—The smoke of the late political battle has cleared away sufficiently to enable us to compute the general result and many of the details. In the first place there is obviously a great reaction against the administration. In every State the republicans lose heavily. McKinley was elected by 613,752 popular majority over Bryan—a majority made up by coercion, that is to say by white slavery and by gross palpable fraud. In Ohio there was one vote cast to every three and a half inhabitants—a most extraordinary ratio. The contest in Ohio this year was exceedingly animated and bitter, especially in the cities of Cincinnati and Cleveland, yet with a full vote thus brought out, we behold in one of these cities a falling off of 15,000 votes and in the other 23,000 votes. In two counties only the vote falls off 38,000 votes. McKinley had some 48,000 majority only in the whole State. The republican majority in the State is now split in half and Hanna is saved by the skin of his teeth. He remains to manage the cause and degrade the McKinley administration like a veritable shirt of Nessus. A party so led can have but one fate.

In Greater New York the administration candidate for Mayor gets about 100,000 votes out of about half a million total votes. In the State at large, for Chief Judge of the Court of Appeals, a republican majority of 260,000 last fall is wiped out and Parker, democrat, who supported Bryan, is elected by 58,000 majority.

In the city of Buffalo, where the republicans had over 15,000 majority last fall, the free silver democratic candidate for mayor has 8,000 majority. Albany and other large cities elect democratic mayors. Evidently McKinley and Platt have lost their hold on New York.

In Massachusetts, New Jersey, Iowa and other States except Pennsylvania the republican losses are very heavy. In Maryland the McKinley majority is cut down from 30,000 to 6,000, and at the next election it will be wiped out altogether. Kentucky is most handsomely redeemed and will not for a generation suffer the disgrace of republican rule.

There is nothing to indicate that the cause of free silver coinage is losing ground, but the very reverse. In the State of New York no candidate seems to have suffered because last year he supported Bryan and the Chicago platform. In Virginia the issue was squarely made and behold our majority is more than doubled. In Kentucky the democrats adopted a ringing free silver platform and despite the teaching of Waterson, Breckinridge and their associates the true democracy has won a splendid victory. In Ohio the Chicago platform was emphatically reaffirmed, as it was in Iowa, Nebraska and Massachusetts, and is followed by 100,000 in Nebraska and heavy gains in the other States.

The elections prove that the leaders of the bolters who last year aided Cleveland to put the republicans in office are still full of rancor and malice for the democratic party unless our party will consent to their corrupt and insolent leadership. But it appears they have only an insignificant following except in Maryland, where they cost us a Senator. On the whole field it is demonstrated that the democratic party can get along very well without them. Mr. Cleveland, however anxious he may be for republican success, has said as much for us in this campaign as he did against the passage of the force bill in 1890—that is, nothing!

It is apparent that McKinley has not strengthened his party in Virginia, Kentucky and Maryland by putting negroes in office.
The triumph in Virginia is most gratifying and reflects credit upon the industry and management of the chairman of the State committee; for it is no easy matter to wrestle with a sanguine and over-confident party. Senator Daniel, who does so much honor to the commonwealth by his genius and eloquence, will be returned to the Senate, I hope, unanimously.

And after four years of abstinence and humiliation Virginia will have a man of character and truth in the gubernatorial office whose fidelity to the cause of the people is above suspicion. I believe that with a united republican party in Virginia to arouse the voters, Tyler's majority would have been about as large as it is to day. The future is full of hope and encouragement for all true democrats. The next House will be democratic.

Stop dragging yourself with weak knees or "cures." Get a well known pharmaceutical remedy that will do the work. Cough and Cold in the head will not cause suffering if Ely's Cream Balm is used. Druggists will supply 10 cent trial size or 50 cent full size. We mail it.

J. C. Berry, one of the best known citizens of Spencer, Mo., testifies that he cured himself of the worst kind of piles by using a few boxes of DeWitt's Witch Hazel Salve. He had been troubled with piles for over thirty years and had used many different kinds of so-called cures; but DeWitt's was the one that did the work and he will verify this statement if any one wishes to write him.
